Panal Discussion

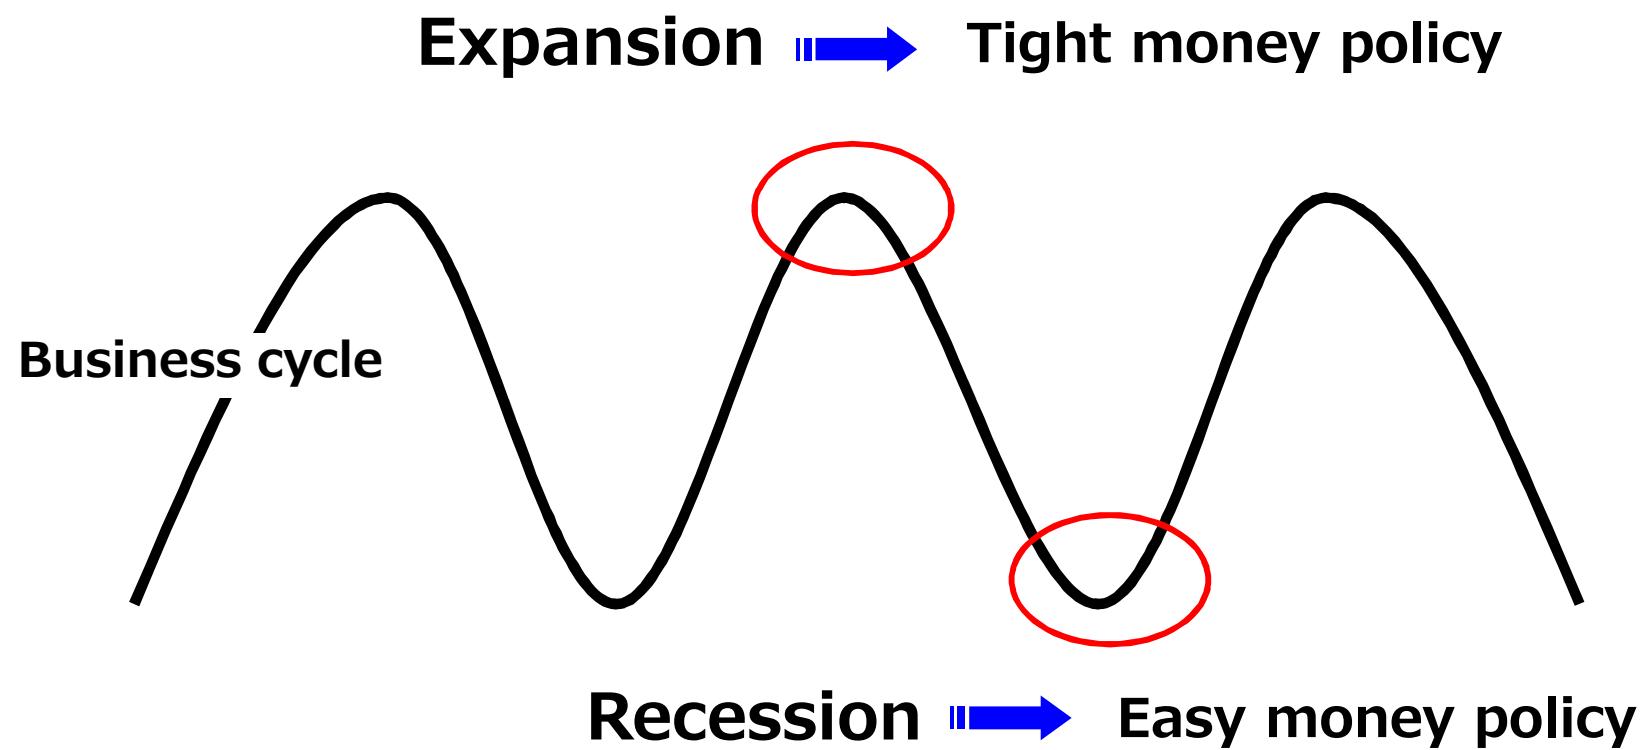

金澤 洋平
三菱UFJモルガンスタンレー証券

Yohei Kanazawa
Mitsubishi UFJ Morgan Stanley Securities Co.,Ltd.

Nikkei225 VS Dow Jones Industrial Average

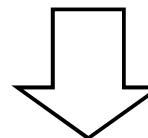

Fiscal policy and Monetary policy

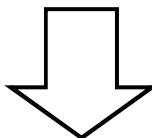

Easy monetary policy

- Key interest rate
- Cash reserve ratio
- Open market operation

Oversupply situation

Speculation

Investment

- Speculative funds
- Excessive Financial engineering

- Risk money for Industry
- Capex and R&D

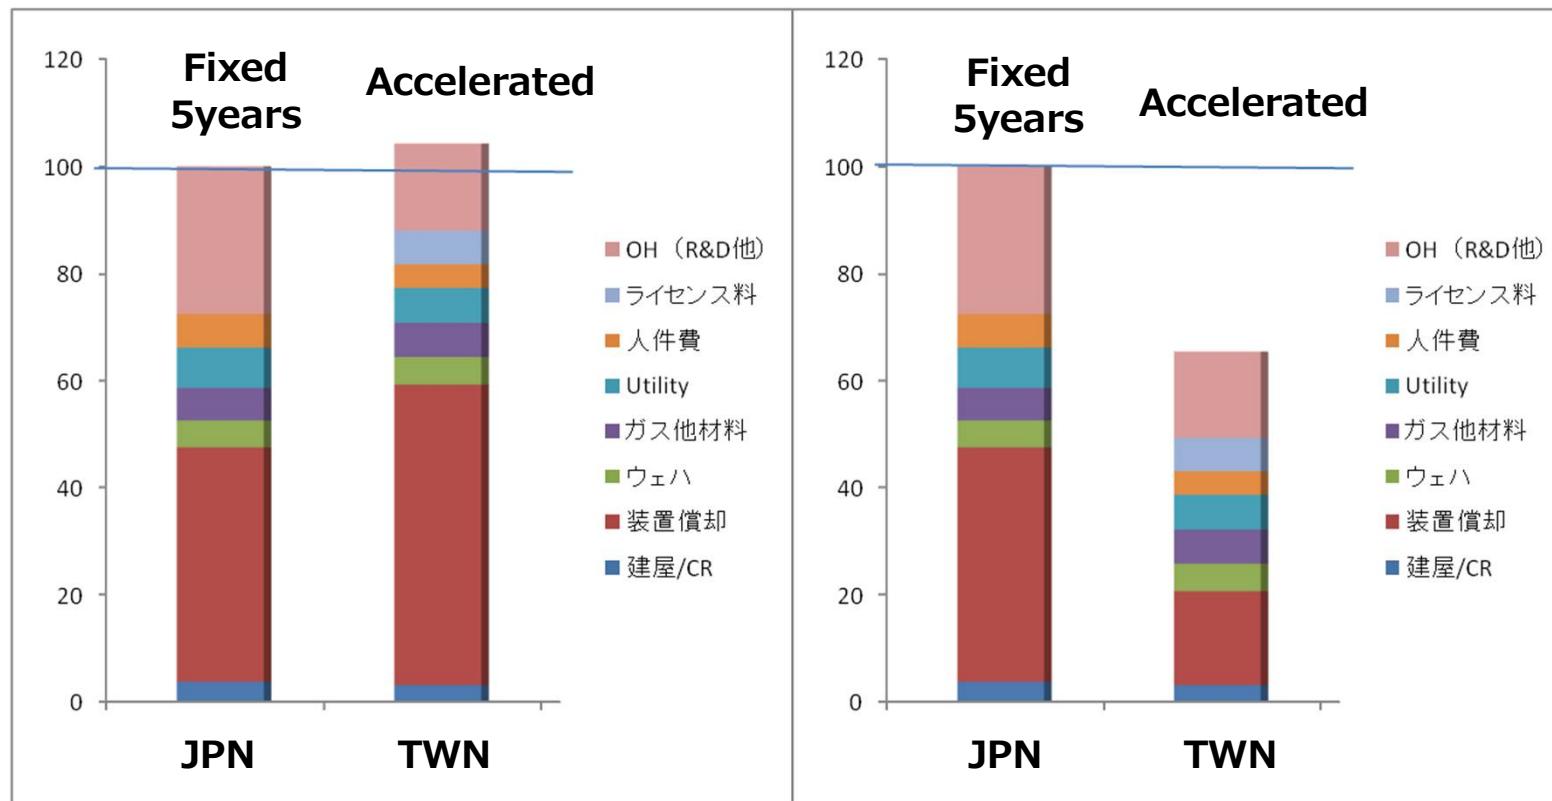

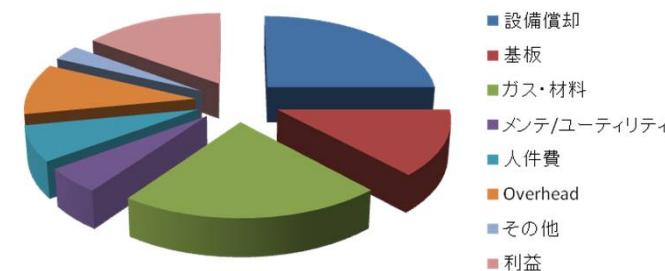

Large enterprises

- Corporation tax → Effective Tax Rate, Tax haven
- Flexible accounting treatment
 - Inclusion in Charges against Revenue
 - accelerated depreciation
- Flexible employment system
- Project Finance and Non-recourse debt

Startup company /Small and medium enterprises

- Risk money → Equity and Debt
- Industrial Cluster and Outsourcing
- Education → Engineer and **“Financier”**

LED Cost Analysis
